Newsletter 06/2021

4th March, 2021.

Dear Parents,

The reintroduction of P.E. lessons and the extra-mural programme coincided with the lowering of the COVID level, to level One. There has been a buzz around the school with learners eager to swim, play cricket and or chess. A special mention has to be made of the two Departmental Heads, Mrs Jearey and Miss Krull, who have revised the timetable many times in the past two weeks.

The coaches have noted the strengths of the learners in the swimming pool and from Monday, the Grade Two learners P.E. lessons will be extended to one hour during the school day, which means that they will swim twice a week. The Grade R and One learners will swim in lessons according to their abilities to allow assistance to the nervous swimmers, while enabling the confident swimmers to correct their strokes. The Grade 000 and 00 learners enjoyed showcasing their abilities in the pool and certainly enjoyed their lesson.

Next Monday, the 8th March is the School Governing Body elections. The composition of the SGB is five parents, two educators, one non-educator and the Principal. Parents wishing to stand, should collect a nomination form from reception. The meeting will commence at 6.00pm.

Our first orientation morning was well supported and interviews for the 2022 intake of learners has begun. A reminder to the parents with learners in Grade Three, to apply to our feeder schools early, to ensure the smooth transition of their children to the next phase of their education.

Wishing all our families happiness and safety, as we navigate the lower level of Lockdown.

Kind regards,

(Mrs) J.D. M^cKenzie

PRINCIPAL
